Conecto Sinus
06NC110/18-R S10K5
View

The image displays two technical drawings of the Conecto Sinus 06NC110/18-R S10K5 connector. The top drawing is a section view, showing the internal structure of the connector. It features a central channel with a width of 50 mm and a depth of 10 mm. The channel is flanked by two side plates, each with a width of 52.5 mm and a thickness of 2.5 mm. The total width of the connector is 110 mm. The bottom drawing is a perspective view, showing the connector's profile. It is a long, rectangular plate with a wavy, sinusoidal profile. The plate is made of steel, as indicated by the label 'steel' with arrows pointing to the material. The perspective view shows the connector's length and the spacing of the sinusoidal waves. The connector is shown in a perspective view, highlighting its wavy profile and the arrangement of six hexagonal mounting holes along its length. The label 'steel' points to the material of the connector.
